

## **NOTICE OF JOB OPENING**

### **Project Engineering Supervisor** **Clovis, NM**

*Starting rate depends on experience*

Applications are being accepted for a Project Engineering Supervisor for Clovis, NM.

This position is responsible for the coordination and completion of all construction projects. Primary duties will include preparing contracts, budgets, and schedules as well as monitoring progress and preparing reports for such projects. In addition, this position will lead and direct the work of others within the department and will work closely with outside contractors.

Previous experience in the telecommunications field and a Bachelor's degree or Project Management Professional (PMP) certification is required. The successful candidate will have an in depth understanding of telecommunications related infrastructure and industry standards and will possess the ability to effectively manage multiple ongoing projects. Demonstrated ability to communicate effectively with a variety of personalities and the ability to successfully manage a team are also required. Proficiency using common computer applications and a valid driver's license with a clear 3-year driving record are necessary. This position may require daytime and nighttime driving throughout Plateau's geographic serving area.

This position is eligible for a variety of exceptional benefits, including 100% company-paid medical, dental, vision and prescription insurance, 100% company-paid annuity pension plan, 401k, generous paid time off and paid holidays.

Apply online at <http://www.plateautel.com/company/careers/>. This is an immediate opening – apply today! Applications will be accepted until position is filled.
