SHOP SMART, STAY CYBER SAFE THIS HOLIDAY SEASON!

The holiday shopping season is here! From Black Friday deals to Cyber Monday sales, it's the perfect time to find gifts for everyone on your list. But before you click "buy now," take a few steps to protect yourself from cyber scams.

Here are some tips to shop safely online:

- **Shop trusted websites.** Stick to reputable retailers and double-check website addresses before entering personal or payment information. Look for misspellings in the address.
- **Watch out for suspicious deals.** If an offer seems too good to be true, it probably is. Avoid clicking on links in unexpected emails, texts, or social media posts that advertise unbelievable discounts.
- **Use strong, unique passwords.** Avoid reusing passwords across shopping accounts, and enable multi-factor authentication whenever possible.
- **Use a secure connection.** Use your home or a trusted secure network, rather than public Wi-Fi, when making purchases.
- **Choose secure payment methods.** Use a credit card or a trusted payment service when possible, and regularly monitor your accounts for unfamiliar transactions.

And remember, holiday shopping doesn't have to happen online! Small Business Saturday is a great opportunity to shop local and support the businesses that help our communities thrive.
