Straight from the farm

From fresh corn and onions to pumpkins and potatoes, it can be found at your local farmers' market. Here are some reasons why it is a good idea to visit one near you:

- More varieties of vegetables may be available that are not easy to find in grocery stores.
- Farmers transport their goods directly from their farms or gardens, so the foods are fresh.
- Communities can support their local farmers, helping the local agriculture economy.
- Trusting relationships are built between farmers and the community when consumers know where their food is coming from.
- SNAP and WIC benefits can be used at most farmers' markets.

Gather up your family or call a friend to go see what is going on at the farmers' market. Chances are good that great fun, abundant fellowship and delicious foods will be found. For more information visit www.farmersmarketsnm.org.

Farwell, TX

Where does a parade start in one state and end in another? At Border Town Days! Farwell, TX and Texico, NM celebrate being neighbors on the state line with only a railroad track separating them. From little ones to senior citizens, everyone watched in wonder as the floats, horses and marching bands made their way from New Mexico to Texas.

Logan, NM

The 4th of July was celebrated in style with a parade that made its way across town and then back again. Along the parade route, both sides of the street were lined with people waiting and watching to see the decorated boats, antique cars, floats and a myriad of other parade participants go by.

The turtles were neck and neck during Plateau's Great American Turtle Race. Seventy two turtles were registered to see which one would take the checkered flag in the 22nd annual event that is held in conjunction with the Curry County Fair.
