Plateau Telecommunications Purchases Bank Building in Logan, New Mexico and Proudly Announces The Bank of Logan Partnership

Logan, New Mexico – February 20, 2024 – Clovis-based Plateau Telecommunications has completed the acquisition of the former New Mexico Bank & Trust building in Logan, New Mexico. Plateau's Logan retail location has relocated to the modern bank building situated on State Highway 54. In addition, the Company is proud to announce The Bank of Logan, a Division of The Bank of Clovis, has co-located in the same space and returned banking services to the heart of the Logan community.

"We are excited about the acquisition of this iconic bank building in Logan," said Larry Wallin, Plateau Board President. "Our intent was not just to move our own local office to the location, but to also assist in reintroducing vital banking services that are needed in the community. The Bank of Clovis' values align with ours, creating a perfect collaboration."

Plateau has a strong commitment to customer service and community involvement. "Our vision was to create a community-centric location that would provide space for entities to operate locally," added Launa Waller, Plateau Chief Executive Officer.

"We are excited to bring the best banking services to Logan," expressed Randy Harris, Chairman of the Board at The Bank of Clovis. "Our Logan team, led by President Garrett Baker, is dedicated to building lifelong relationships with the residents, businesses, farmers, and ranchers in Logan and the surrounding area."

Plateau and The Bank of Logan are now open at the new location and working towards a joint grand opening celebration, which is anticipated to occur in the coming weeks. The event promises to be a celebration of Logan's past, present, and future, marking a significant milestone in the revitalization of the town's financial landscape.

Formed in 1949 as Eastern New Mexico Rural Telephone Cooperative, Plateau provides advanced telecommunications services, including voice and internet, to residents in all or parts of 15 eastern New Mexico counties and four in the Texas Panhandle.
